Principal's Message

We are off to a good start at Maxwell School!

A big thanks for all the parents that were able to attend our Back to School Night. Parents, if you have any questions feel free to contact your child's teacher. Our teachers are always willing to meet or to contact you. Some use phone applications to communicate, others use a traditional newsletter.

As a school, we will try to send home a monthly newsletter. The newsletter is always posted along with our calendar of events on our school website. We also distribute a color brochure of important dates and information for you use. We hope you keep this on your refrigerator to reference throughout the school year.

We are kicking off our Parent-Teacher Association meetings for the new school year tonight (Tuesday, September 6). We generally meet the first Tuesday of the month at 6:00 PM in the library. Our PTA has a Facebook page where you can get information as well.

Information on our ELAC or English Language Advisory Committee is coming soon. We have just put out a survey to ask about the best time to meet (morning or evening). We provide childcare and conduct meetings in both languages, English and Spanish. Please consider joining either or both of these groups and get to know your child's school.

Come join us for our upcoming family science night hosted by Sierra Nevada Journey. The hands-on fun and exploration begins at 5:30 and runs through 7:00 PM. We provide dinner for all. The program was a huge hit last year. Don't miss this special event.

**Family Science Night
Tuesday, September 12
5:30-7:00 PM**

Did You Know?

- That Maxwell School has create a cross country team. We begin soon and information will be coming home. The healthy/fun program is open to all students from TK-6th grades, boys and girls. Last year, we had over 100 students participating. All students that compete and complete a race are awarded a ribbon. Don't miss out on the fun and be part of our school spirit and program.
- Maxwell School is equipped to provide a computer for every student while at school.

Safety

Your child's safety is our number one concern.

For safety, we are asking that parents not double park to let children out. It is quite apparent that parking is limited. We have created a drop off and pick up area on the side of the school off of Beamer.

A shout out to all the parents who are modeling safety by using the crosswalks. Please avoid crossing in the middle of the road or through the parking lot.
